COMFORT WITH INTEGRITY

Hypnos Contract Beds work with hospitality clients all over the world, to ensure guests have the ultimate sleep experience, night after night. We recognise that every client is different, so have developed a range of sleep solutions to deliver the best guest experience possible.

As a family owned business, we value our craft and believe it is essential we leave a lasting legacy for future generations - our purpose is to inspire people to sleep sustainably, creating comfort with integrity.

A LABOUR OF LOVE

We have been making beds for over a century, so know a lot about providing a good night's sleep. We love what we do, and continue to innovate, pioneering the use of sustainable materials that deliver contract specification performance.

We are proud to be a British manufacturer and operate two large scale factories in the UK. Our specialist contract manufacturing facility and adjoining showroom is located in the heart of England. This facility is supported by a network of

international manufacturing partners, to ensure we can manufacture beds close to our client's final destination. Our skilled team, work in collaboration with you to deliver your vision in the most efficient and sustainable way.

And we don't stop with just making great beds - we are at your service at every stage. From on-site consultation and bespoke design services, to delivery, installation, bed disposal and marketing assistance - we provide solutions that enhance both the guest experience and your business.

Our facilities in the UK have been carbon neutral for over a decade. We take enormous care in how and where we produce our contract specification beds, whilst protecting our planet. Every material used in making our beds is recyclable, meaning that our beds never need to go to landfill.

AT YOUR SERVICE

We work with a diverse group of hospitality clients, from budget hotels to luxury resorts. Whatever the project size or budget, our expert contract team will find the best sleep and service solution for your business. We also encourage you to visit our dedicated contract showroom for the complete Hypnos experience.

1 LET'S TALK

Our project team will work with you to obtain a detailed understanding of your requirements, taking into consideration room layout, number of rooms, products required, desired comfort levels, design influences, brand standards and timescales.

2 YOUR SLEEP SET

Together we will create the perfect sleep set for your business. We will consider every element required to deliver an optimum sleep experience for your guests - from selecting the perfect mattress, bed base, headboard, and fabrics. If appropriate, we can develop bespoke solutions specific to your property, ranging from a custom combination of comfort layers to the creation of a bed label to promote your hotel brand.

3 DELIVERY AND INSTALLATION

Our project team will co-ordinate the delivery and installation of your sleep set. Following the completion of our pre delivery questionnaire, we will share the detailed installation schedule with you, enabling our team to assemble and install beds to your nominated rooms.

4 CARING FOR OUR PLANET

Hypnos is the UK's first carbon neutral bed manufacturer. We have a 100% landfill avoidance policy built around circular economy. Our leading disposal and recycling service helps to reduce your carbon footprint by removing and disposing of your old beds.

OUR SERVICE DOESN'T END HERE

Hypnos is a family business that's over 100 years old, so no surprise that we believe in building lasting relationships. Our tailored bed surveys review your beds at agreed intervals, recommending a replacement programme to ensure your guests continue to enjoy a great night's sleep.

We also recognise that many of your guests may want to recreate the wonderful sleep experience in their own home. We can work with you to create a new revenue stream for your business, by giving your guests the opportunity to buy the same bed.

MATTRESS SELECTION

Hypnos Contract Beds design and manufacture sleep solutions for many different commercial interiors. Our list of clients spans from large international hotel groups, spa and vacation properties to independent hotels, serviced apartments, student accommodation providers, and senior living.

Clients can create the perfect sleep set for their property by selecting from a wide choice of mattresses in our core Hospitality and Hospitality Origins Collections, upholstered bed bases, headboards, upholstered bed bases and headboards. Every client is supported

by our dedicated contract team of experts, to establish the best solution for them and ensure it is delivered with ease.

This collaborative approach can help increase occupancy rates and maximise revenue and gross profitability per room. For example, zip and link beds quickly and efficiently turn a Double room into a Twin, or our FlexiBase with a hidden extra under-bed, can turn a Standard room into a Family room. And our no-turn pillow top mattresses help housekeeping to service guestrooms quickly and efficiently.

HOSPITALITY COLLECTION

We understand that no two hospitality clients are the same. With this in mind we have developed an industry leading collection of hospitality mattresses, ensuring our clients have access to a choice of specifications and price points. Whether it's our top of the range wool-cashmere or mid-range options, our clients can specify Hypnos Contract Beds in total confidence, knowing that every mattress leaving our factory has been made with the same care.

THE HYPNOS HOSPITALITY COLLECTION

LANSDOWNE CASHMERE

BEAUMONT PILLOW TOP

EVESHAM DELUXE

NEWARK DELUXE

LANSDOWNE CASHMERE

The Lansdowne Cashmere is our top-of-the-range hospitality mattress. The naturally soft and breathable layers of wool, cashmere, and dual density polyester sustainable fibre, help to effectively regulate body temperature to ensure a great night's sleep.

Covered in a beautiful Hypnos God of Sleep woven damask made from 100% natural viscose to provide a luxurious, breathable, and hygienic sleeping surface. Our unique cashmere, wool, and polyester blend provides ultimate softness and luxury.

The ReActive™ pocket spring core is specially engineered to deliver utmost comfort, time after time. GRS Dual density polyester is made from recycled plastic bottles that otherwise would have gone to landfill. The unique Hypnos edge protection system provides contract specification edge-to-edge support.

Chrome vents aid breathability within the mattress. The horizontal handles ease mattress positioning on the bed base. Made to BS7177 Medium Hazard (Crib 5) fire safety standard.

BEAUMONT PILLOW TOP

The Beaumont Pillow Top combines comfort with housekeeping practically. This no turn, lighter mattress is filled with luxury wool and silk, offering a sumptuous sleeping surface whilst regulating body temperature the whole year round. Being a no-turn option, the Beaumont Pillow Top mattress reduces housekeeping time significantly, one of the key factors in its selection by leading UK hotel chains.

Covered in Hypnos ticking made from fine cotton, viscose, polyester mix for a beautifully soft, breathable and hygienic sleep surface. Our unique blend of wool, silk and polyester creates a sumptuous pillow top for supreme comfort.

The ReActive™ pocket spring core is specially engineered to deliver utmost comfort, time after time. GRS Dual density polyester is made from recycled plastic bottles that otherwise would have gone to landfill. The unique Hypnos edge protection system provides contract specification edge-to-edge support.

The pillow top design has been specially engineered for no turn, to help Housekeeping minimise their time. Made to BS7177 Medium Hazard (Crib 5) fire safety standard.

EVESHAM DELUXE

Owing its successful heritage to a proven specification favoured by one of the world's leading 4-star international hotel operators, the Evesham ensures excellent support. Individually pocketed springs complement the body contours of the guest whilst layers of polyester and natural cotton add comfort.

Covered in Hypnos ticking made from fine cotton, viscose, polyester mix for a beautifully soft, breathable and hygienic sleep surface. Our unique blend of polyester and cotton creates an elegant comfort layer which responds to fluctuations in body temperature.

The ReActive™ pocket spring core is specially engineered to deliver utmost comfort, time after time. GRS polyester is made from recycled plastic bottles that otherwise would have gone to landfill.

The unique Hypnos edge protection system provides contract specification edge-to-edge support. Made to BS7177 Medium Hazard (Crib 5) fire safety standard.

NEWARK DELUXE

The Newark Deluxe, no turn mattress offers a cost effective entry into Hypnos' luxury pocket spring hotel mattress collection. At a relatively small premium above traditional open-coil sprung construction, and specifically designed and built to withstand the rigours of hotel usage by combining individual pocketed springs with natural comfort, blended layers.

Covered in Hypnos ticking made from fine cotton, viscose, polyester mix for a beautifully soft, breathable and hygienic sleep surface. Our unique blend of wool and polyester creates a wonderfully soft comfort layer which responds to fluctuations in body temperature.

The ReActive™ pocket spring core is specially engineered to deliver utmost comfort, time after time. GRS Dual density polyester is made from recycled plastic bottles that otherwise would have gone to landfill.

The unique Hypnos edge protection system provides contract specification edge-to-edge support. Made to BS7177 Medium Hazard (Crib 5) fire safety standard.

HOSPITALITY ORIGINS COLLECTION

The Hospitality Origins Collection presents a new era in delivering sustainable sleep solutions for the hospitality sector. Our handcrafted and hand finished pocket sprung Woolsleepers range of mattresses have been designed for an ultimate sleep experience and with the utmost care for our environment.

Every detail has been considered, as every material is sustainably sourced and completely recyclable. The collection reflects Hypnos' commitment to working with likeminded ethical partners to ensure the provenance, authenticity, and traceability of all materials.

THE HYPNOS HOSPITALITY ORIGINS COLLECTION

WOOLSLEEPERS ELITE

WOOLSLEEPERS PILLOW TOP

WOOLSLEEPERS CLASSIC

WOOLSLEEPERS ELITE

The Woolsleepers Elite is our ultimate handcrafted and hand-finished pocket sprung mattress. This market leading mattress has eleven comfort layers and is the epitome of delivering comfort with integrity. It represents the culmination of Hypnos' commitment to sustainable and ethical sourcing and providing an unrivalled sleep experience.

Covered in a beautiful breathable sleep surface woven from sustainably sourced, unbleached cotton and viscose to provide a luxurious, breathable, and hygienic sleeping surface.

The ReActivePro™ pocket spring core is specially engineered to deliver ultimate comfort, time after time. Additional layers of Hypnos Adaptiv™ springs provide added luxury by flexing to individual body shapes.

Our 150cm Woolsleepers Elite mattress contains 16.3kg of 100% British wool from Red Tractor assured farms (equivalent to over 8 fleeces). Wool responds to fluctuations in body temperature to provide the perfect night's sleep whatever the time of year. Chrome vents aid breathability within the mattress helping to keep the guest cool.

Constructed with our contract Triple Edge Protection™ to provide true edge-to-edge support. Horizontal padded handles ease mattress positioning on the bed base. The BS7177 Medium Hazard (Crib 5) fire safety standard, is met by applying a natural M-Pure FR treatment without having to rely on synthetic flame-retardants.

WOOLSLEEPERS PILLOW TOP

The Woolsleepers Pillow Top mattress provides the hospitality sector with an optimum sustainable sleep solution, whilst minimising Housekeeping time due to its no turn design. The supreme comfort is derived from ethically sourced materials including British Wool from Red Tractor assured farms. Every detail has been considered, as every material is sustainably sourced and completely recyclable.

Covered in a beautiful breathable sleep surface woven from sustainably sourced, unbleached cotton and viscose to provide a luxurious, breathable, and hygienic sleeping surface.

Wool responds naturally to fluctuations in body temperature to provide the perfect night's sleep whatever the time of year. Our 150cm Woolsleepers Pillow Top mattress contains 660g wool, which is fully traceable back to the farm.

The ReActivePro™ pocket spring core is specially engineered to deliver ultimate comfort, time after time. GRS Dual density polyester is made from recycled plastic bottles, and our 150cm mattress contains over 230 recycled 500ml plastic bottles that otherwise would have gone to landfill.

Constructed with our contract Triple Edge Protection™ to provide true edge-to-edge support. Horizontal handles ease mattress positioning on the bed base. The BS7177 Medium Hazard (Crib 5) fire safety standard, is met by applying a natural M-Pure FR treatment without having to rely on synthetic flame-retardants.

WOOLSLEEPERS CLASSIC

The Woolsleepers Classic has been designed to deliver a sublime sleep experience with the utmost care for our environment. Every material has been carefully selected, including the British Wool from Red Tractor assured farms. This accessible mattress reflects Hypnos' commitment to providing the hospitality sector with sustainable sleep solutions that enhance the guest experience at every chain scale.

Covered in a beautiful breathable sleep surface woven from sustainably sourced, unbleached cotton and viscose to provide a luxurious, breathable, and hygienic sleeping surface.

Wool responds naturally to fluctuations in body temperature to provide the perfect night's sleep whatever the time of year. Our 150cm Woolsleepers Classic mattress contains 1.32kg wool, which is fully traceable back to the farm.

The ReActivePro™ pocket spring core is specially engineered to deliver ultimate comfort, time after time. GRS Dual density polyester is made from recycled plastic bottles, and our 150cm mattress contains 194 recycled 500ml plastic bottles that otherwise would have gone to landfill.

Constructed with our contract Triple Edge Protection™ to provide true edge-to-edge support. Horizontal handles ease mattress positioning on the bed base. The BS7177 Medium Hazard (Crib 5) fire safety standard, is met by applying a natural M-Pure FR treatment without having to rely on synthetic flame-retardants.

BED BASES

Hypnos are in the business of sleep, providing our clients with versatile and effortless sleep solutions. Our divan bed bases have been designed with the hospitality sector in mind. Extensive tests have shown the comfort and support level is determined by the specification of the Hypnos mattress and topper design. This has allowed us to specialise exclusively on solid top bed bases which incorporate many features to benefit housekeeping.

As a family owned business, we value our craft and believe it is essential we leave a lasting legacy for future generations - our purpose is to inspire people to sleep sustainably, creating comfort with integrity. Therefore, we source the timber from managed and sustainable sources that are FSC® certified or PEFC certified.

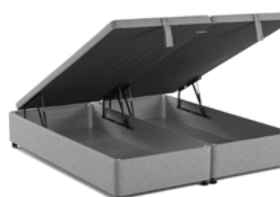

CLASSICBASE

FLEXIBASE

SLIMBASE

SUPERSTORAGE

CLASSICBASE

The ClassicBase is our most popular divan base. The single piece design also comes as a two piece set, allowing easy installation and the option to quickly convert a double room to a twin configuration.

BED BASE DIMENSIONS

90cm x 190cm	90cm x 200cm	100cm x 200cm	135cm x 190cm	135cm x 200cm	140cm x 200cm	150cm x 200cm	160cm x 200cm	180cm x 200cm	200cm x 200cm
N/A	N/A	N/A	E/W	E/W	E/W	E/W	E/W	N/S	N/S

N/S = North/South. Split vertically for the zip and link two-piece bed system.

E/W = East/West. Split horizontally for ease of access during installation.

N/A = Single Piece with no split.

BED BASE HEIGHT

With castors / glides 370mm

Without castors / glides 315mm

We source our timber exclusively from FSC® or PEFC certified suppliers.

CASTORS AND GLIDES

Our standard ClassicBase divan configuration comprises of castors at the head, with glides in the middle and the foot end of the bed base. This provides stability on both carpets and hard floors, whilst facilitating lifting and moving by housekeeping.

EASYLINK

Developed in response to demand from housekeepers for Zip & Link beds that are easier and safer to use and quicker to transform room function, EasyLink allows for the combination of a number of bed base options. It is a discreet but effective linking solution that does not detract from the aesthetics of the bed base and ensures a perfect sleep experience.

FLEXIBASE

The FlexiBase has the option of one or two open sides, so can be used to optimise room space by providing a discreet storage area under the bed base for guest luggage. Alternatively, it can be used to house an under-bed to maximise room occupancy. The open sides can be hidden discretely behind our aperture flap, if required.

Aperture size: 186.4cm long x 30.5cm high
(with castors and glides).

BED BASE DIMENSIONS

90cm x 190cm	90cm x 200cm	100cm x 200cm	135cm x 190cm	135cm x 200cm	140cm x 200cm	150cm x 200cm	160cm x 200cm	180cm x 200cm	200cm x 200cm
N/A	N/A	N/A	N/S	N/S	N/S	N/S	N/S	N/S	N/S

N/S = North/South. Split vertically for the zip and link two-piece bed system.

N/A = Single Piece with no split.

BED BASE HEIGHT

With castors / glides 370mm

Without castors / glides 315mm

We source our timber exclusively from FSC® or PEFC certified suppliers.

CASTORS AND GLIDES

Our standard FlexiBase divan configuration comprises of castors at the head and glides at the foot end of the bed base. This provides stability on both carpets and hard floors, whilst facilitating lifting and moving by housekeeping.

EASYLINK

Developed in response to demand from housekeepers for Zip & Link beds that are easier and safer to use and quicker to transform room function, EasyLink allows for the combination of a number of bed base options. It is a discreet but effective linking solution that does not detract from the aesthetics of the bed base and ensures a perfect sleep experience.

SLIMBASE

The SlimBase lower profile design makes it the perfect style statement for contemporary guestrooms. As with all Hypnos bases, it has sturdy solid top construction for ultimate stability.

BED BASE DIMENSIONS

90cm x 190cm	90cm x 200cm	100cm x 200cm	135cm x 190cm	135cm x 200cm	140cm x 200cm	150cm x 200cm	160cm x 200cm	180cm x 200cm	200cm x 200cm
N/A	N/A	N/A	N/S	N/S	N/S	N/S	N/S	N/S	N/S

N/S = North/South. Split vertically for the zip and link two-piece bed system.

N/A = Single Piece with no split.

BED BASE HEIGHT

With castors / glides 385mm

Without castors / glides 255mm

We source our timber exclusively from FSC® or PEFC certified suppliers.

CASTORS AND GLIDES

Our standard SlimBase divan configuration comprises of castors at the head, with glides in the middle and the foot end of the bed base. This provides stability on both carpets and hard floors, whilst facilitating lifting and moving by housekeeping.

EASYLINK

Developed in response to demand from housekeepers for Zip & Link beds that are easier and safer to use and quicker to transform room function, EasyLink allows for the combination of a number of bed base options. It is a discreet but effective linking solution that does not detract from the aesthetics of the bed base and ensures a perfect sleep experience.

SUPERSTORAGE BASE

The SuperStorage Base provides the ultimate storage solution. Simply lift up the top of the bed base, which is hinged, allowing you to use the entire divan base for storage. Strong hydraulic pistons assist the lifting of the bed base top (with the mattress still in situ) and provides housekeeping staff with easy access to the huge and flexible space within, for the storage of additional pillows and bed linen etc.

BED BASE DIMENSIONS

90cm x 190cm	90cm x 200cm	100cm x 200cm	135cm x 190cm	150cm x 200cm	160cm x 200cm	180cm x 200cm	200cm x 200cm
N/A	N/A	N/A	N/S	N/S	N/S	N/S	N/S

N/S = North/South. Split vertically for the zip and link two-piece bed system.

N/A = Single Piece with no split.

BED BASE HEIGHT

With castors / glides	395mm
Without castors / glides	335mm

We source our timber exclusively from FSC® or PEFC certified suppliers.

CASTORS AND GLIDES

Our standard SuperStorage divan configuration comprises of castors at the head, with glides in the middle and the foot end of the bed base. This provides stability on both carpets and hard floors, whilst facilitating lifting and moving by housekeeping.

EASYLINK

Developed in response to demand from housekeepers for Zip & Link beds that are easier and safer to use and quicker to transform room function, EasyLink allows for the combination of a number of bed base options. It is a discreet but effective linking solution that does not detract from the aesthetics of the bed base and ensures a perfect sleep experience.

EXTRABED

The ExtraBed option is ideal for hotels which regularly require additional sleeping space at short notice, as it can be deployed and made ready in a matter of minutes. The ExtraBed has been specially designed to be stored within our FlexiBase.

Dimensions: **90cm width x 183cm length**

Total Height: **54.5cm** (including 18cm high mattress) when the legs are fully folded out.

HEADBOARDS

A beautifully upholstered headboard can make real statement and transform the ambience of a room. Hypnos contract headboards are available in a variety of styles, from opulent winged designs to contemporary boutique styles, ensuring that you can create the perfect look to enhance your guest experience. We apply the same rigorous construction and testing standards to our contract headboards as we do to all of our Sleep Set elements, so you can be confident that each headboard has been designed for the hospitality sector in mind.

HEADBOARDS

Hypnos headboards are designed to complement our range of bed bases. Each has a distinctive style and can be upholstered to match your divan. The Euro Slim styles finish flush to the bed base, whereas our winged designs extend a little wider to encase the divan.

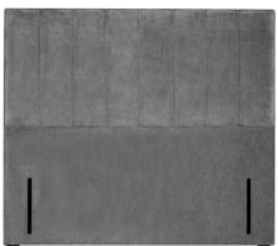

FAYE
Euro Slim

A simply elegant headboard to provide the base to showcase the fabric colour and texture.

Dimensions (H x D): **131cm x 9cm**

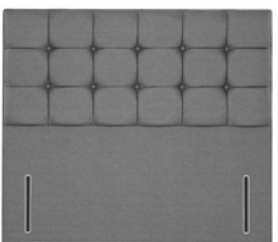

PETRA
Euro Slim

A deeply upholstered contemporary headboard with vertical hand-piped detail.

Dimensions (H x D): **131cm x 9cm**

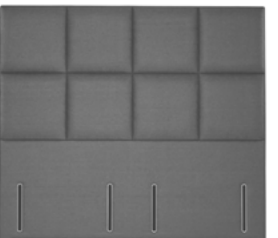

GRACE
Euro Slim

A deeply upholstered stylish headboard with three rows of deep-buttoned squares.

Dimensions (H x D): **131cm x 9cm**

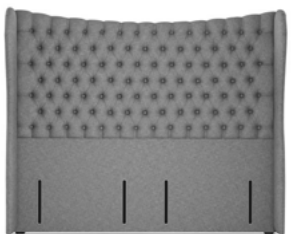

VICTORIA
Euro Slim

A luxurious upholstered headboard piped with 2 rows of square segments.

Dimensions (H x D): **161cm x 9cm**

ELIZABETH

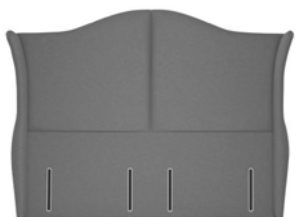

A sumptuous, piped headboard with 'P' shaped wings, a curving inward header and a deeply buttoned central panel.

Dimensions (H x D): **161cm x 9cm**

Wings: **24cm deep at their base**

KATHERINE

An opulent headboard with a curved top and wings which wrap around the head of the bed for a true design statement.

Dimensions (H x D): **161cm x 9cm**

Wings: **18cm deep at their base**

FINISHING TOUCHES

We recognise that every client is different, and often it is the finishing touches that create the standout guest experience. The flexibility of our sleep sets allows our clients to create the perfect sleep solution for your guests.

ZIP AND LINK

Hynos Zip and Link beds provide our hospitality clients with ultimate flexibility on room configuration. Housekeeping can quickly and efficiently convert a double room to a twin. The standard size for a Hynos zip and link bed is 180cm x 200cm, split into two beds of 90cm x 200cm.

LUXURY ZIP COVER

Our luxury zip cover provides an elegant solution when zipping mattress sets together. This unique zip cover provides unrivalled comfort by creating a uniform sleeping surface and effective protection from the conjoining zip.

TRANQUILITY WOOL SUPREME TOPPER

Our Tranquility mattress topper provides an extra layer of comfort and luxury. Wool responds naturally to fluctuations in body temperature, wicking away moisture to provide a perfect night's sleep whatever the time of year.

HOSPITALITY FABRIC COLLECTION

Our Designed for Sleep hospitality fabric collection ensures our clients have access to a choice of colours, textures and price points, in the knowledge that all our fabrics meet the latest contract specifications. All of our fabrics conform to the latest fire safety standard of BS7177:2008 (Crib 5), with some conforming to BS7176, and are regularly tested for compliance.

We also conduct regular Martindale testing to evaluate resistance to wear and abrasion, ensuring we measure fabric durability. Our Highland and Marna fabrics by Panaz are stain resistant, flame retardant, highly durable and antimicrobial against a broad spectrum of bacteria and viruses, including Coronavirus. Sample requests are processed within 24 hours and sent via first class post.
