THE MOST COMFORTABLE BEDS IN THE WORLD

*"Craftsmanship – individually  
handcrafted, made to  
measure luxury beds."*

# HYPNOS®

THE MOST COMFORTABLE BEDS IN THE WORLD

Hypnos knows that it is a supremely comfortable bed that is at the heart of a truly memorable night's sleep. With a Royally approved reputation for creating the most comfortable beds in the world, Hypnos' beds and their sublime comfort can be found not only in the finest homes, palaces and hotels – but also in the finest cruise ships, superyachts and marina properties.

*Hypnos - the God of Sleep*

Hypnos specialises in handcrafting made to measure luxury beds and mattresses – each one is a bespoke creation; individually handmade to order by master craftsman; full of generous layers of natural and sustainable fillings; customised to specific comfort, size and shape needs. Hypnos provides individual and tailor-made solutions including traditional marine shaped mattresses such as tapered, curved and V-shaped – we are proud that all Hypnos' mattresses bear the Royal crest, a mark of excellence.

All our beds and mattresses come with the assurance of International Maritime Organisation (IMO) and Wheelmark safety compliance and the quality of enduring British craftsmanship. In addition, our beds are backed by an unrivalled project management service, from templating and design to manufacturing and installation, plus a disposal and recycling service for old beds – a low cost, green and responsible alternative to landfill.

*"Our clients rave about their sleep, their comfort and their beds – they are reassured to know that their beds are made by the Royal bed makers."*

# Tailor-made Luxury

First choose the required comfort level and degree of support needed from your mattress – we will help you to explore all our different mattresses and explain the unique mix of breathable natural fillings in each mattress, which will help to regulate your body temperature whilst you sleep, and which complement the active properties of our pressure-relieving pocket springs. Our wide choice of mattresses includes our firmer Orthos Support mattresses through to our softer Pillow Top mattresses and luxurious Royal Comfort mattress and topper sets.

Then consider the size, thickness and shape of your mattress, as well as whether you want it splitting into two halves, with a zip linking system, from a practical point of view or because you want to create two different comfort levels to meet the preferences of two people.

Should you require an upholstered divan base or headboard then choose from an array of styles and finishing touches that reflect the personality, décor and style of a cabin or stateroom. Every upholstery design detail will be carefully considered, with a range of styling features available to create a unique and individual bed, tailor-made to exact requirements.

The divan and headboard will be hand upholstered in one of our fabrics or alternatively in your own fabric, faux suede or leather. Match the divan fabric with the headboard fabric for a striking look.

# Sleep Soundly

## Re-energise your body, mind and soul

When you need to create a truly memorable night's sleep for your clients, you need a bed partner and a brand that you can count on, time and time again.

Hypnos is the only bed manufacturer to win the National Bed Federation's "Bed Manufacturer of the Year" award twice, in 2011/2012 and in 2014/2015, plus for the fifth year running, a Hypnos hotelier has won the 'Comfiest Bed' award in the Best Kept Secret Awards by LateRooms.com.

Hypnos prides itself not only on its expertise in the art of bed making, but also on its insight into sleep, designing beds to provide your client with a relaxing and rejuvenating night's sleep and a positive, energetic start to the day.

We spend a third of our lives asleep, so there can be no better investment than a quality handcrafted mattress – the ultimate retreat for our body. At Hypnos we truly believe that the mattress you sleep on will make a difference to the quality of our life and wellbeing. A mattress is one of the most important purchases you will ever make. Invest wisely and always choose a quality and durable mattress that will help to take care of you, your loved ones and your clients.

*"Getting enough sleep is essential for your physical, mental and emotional health..."*

*"Sleep experts – it is a supremely comfortable bed that is at the heart of a truly memorable night's sleep – helping customers to sleep better and enjoy life more."*

*"Trusted – found in the world's finest homes, palaces, hotels, cruise liners and superyachts."*

# Safety, Design and Eco Credentials

Hypnos is committed to using only the finest environmentally friendly, sustainable materials of the highest quality. Hypnos has also passed the Sedex ethical audit. All our beds are 100% recyclable at the end of their life, too. Hypnos is the first UK bed manufacturer to be carbon neutral, complying with the BS PAS 2060 Carbon Neutrality Standard.

All Hypnos products meet or exceed The Furniture and Furnishings (Fire) (Safety) Regulations, which are amongst the strictest in the world – BS 7177 (Low Hazard) for residential divans and mattresses, and BS 5852 (Low Hazard) for residential headboards and sofa beds. Hypnos also makes products for the hospitality market which meet the higher standards of BS 7177 (Medium Hazard) Ignition Source 5 (Crib 5) and BS 7176 (Medium Hazard) Ignition Source 5 (Crib 5) respectively. In addition, marine mattresses are Wheelmark approved and meet the latest International Maritime Organisation (IMO) fire safety regulations.

Our membership of the British Institute of Interior Design (BIID), the Society of British and International Design (SBID) and the Interior Design Association (IDA) reinforces our commitment to design excellence and sustainable design.

*"Whether you need one or one hundred beds, Hypnos will arrange the safe delivery and installation of your new beds. Hypnos will also take away the old beds, shredding each mattress and divan, creating recycled raw materials for re-use in other industries – 100% landfill avoidance."*

# Project Management

Whether your project is a unique collection of luxury cabins, crew quarters or even bedrooms for a marina apartment or hotel, Hypnos will appoint a project manager to work hand-in-hand with you at every stage to ensure that creating and delivering your beds is a stress free, intuitive and above all, rewarding experience.

With a passion for bed making and an illustrious pedigree for helping to create the most beautiful and most comfortable bedroom centrepieces, Hypnos has developed an unrivalled collection of services to help you meticulously plan and schedule the timely production, delivery and installation of your beds and mattresses.

In point of fact Hypnos' dedicated installation team meets the highest on-board and on-site health and safety standards, ensuring minimum disruption and maximum efficiency against an agreed phased schedule, programme of works and set of costs.

Hypnos' complete project management service is outlined within the 8-point plan below:

*"Whatever your needs... whether a made to measure mattress, with curved or tapered corners, made in one or two pieces, or even a large winged headboard to crown your bed... Hypnos will create a bespoke solution just for you."*

- 1 Initial Consultation, Survey, Templating and Project Planning**
- 2 Comfort Analysis and Specification**
- 3 Detailed Design and Styling**
- 4 Quotation**
- 5 Delivery and Installation**
- 6 Disposal and Recycling of Old Beds and Mattresses**
- 7 Sleep Extras** (pillows, mattress toppers and protectors, bed linens\*)
- 8 Guarantee Registration**

\* Hypnos recommends fellow Royal Warrant Holder, Heirlooms Limited, for the supply of the finest Egyptian cotton bed linens, whose service extends to bespoke sizes and designs.
