

HYPNOS
THE MOST COMFORTABLE BEDS IN THE WORLD

CASE STUDY

WOOLLEY GRANGE

There is something truly special about places that feel like home the moment you arrive. Set within the Wiltshire countryside near Bath, Woolley Grange is one of the UK's most cherished family hotels, a beautiful Jacobean manor house where warmth, charm and character sit at the heart of every stay.

Part of the Luxury Family Hotels group, Woolley Grange has long been loved as a home-from-home for families, where connection, discovery and memory-making come naturally. Across the hotel, inviting shared spaces and restful bedrooms create a relaxed country house setting, with restorative sleep forming an important part of the stay.

To support this, Woolley Grange selected Hypnos Boutique Collection mattresses for its guest rooms. Handmade by British bedmaker Hypnos Contract Beds using traditional techniques and responsibly sourced materials, each mattress combines exceptional guest comfort with long-lasting craftsmanship, reflecting the care and attention to detail found across the hotel.

The character of Woolley Grange is shaped by a rich sense of heritage and personality. Earthy tones, layered textures and handcrafted details sit alongside cosy corners, aged oak and touches of country charm, creating spaces that feel playful, relaxed and welcoming.

Woolley Grange brings together places for every generation to enjoy, from the Restaurant, Drawing Room, Long Room, Afternoon Tea Lounge, Private Dining Room and The Orangery to the spa, indoor pool and outdoor hot tub. Younger guests can enjoy the Woolley Bears Den children's club, while older children have their own space to unwind in the Hen House, complete with a pool table and games for tweens and teens.

“At Luxury Family Hotels, restorative sleep is one of the most important parts of a great family stay. After days spent exploring, playing and making memories together, a comfortable night's sleep helps everyone wake refreshed and ready for the next adventure. At Woolley Grange, our partnership with Hypnos plays an important role in that experience, providing the exceptional comfort and quality our guests expect.”

Teresa Kingston, Group Commercial Director,
Luxury Family Hotels

From relaxed countryside breaks to time spent exploring the Wiltshire surroundings, Woolley Grange offers families a place to slow down, come together and feel at home. With Hypnos Boutique Collection mattresses selected for the guest rooms, comfort and restorative rest form a natural part of the stay, helping guests end each day as well as it began.
